URR – Union of back-to-back cabinets

Description the kit for joining the back-to-back cabinets is a complete set of special accessories that allow maintaining the “IP” internal protection level and stiffening the structures, guaranteeing absolute tightness. Almost entirely similar in concept to the union kit in battery UTK ..., it differs only in the number of accessories.

Codice **URR700**, kit for joining cabinets in pack

Codice **URR770**, kit for assembled wardrobes

Il codice URR700 include:
